

Welcome to Christ Alone Church

In the interest of our church family's well-being, compliance with CDC/WIDHS/BCPH/WEDC recommendations, and our Christian witness to an unbelieving world, we ask everyone to observe the following guidelines:

- If you are sick or have symptoms of sickness, we ask that you stay home. We will be live-streaming the worship service, and will continue to record the sermon and post it on our website.
- We will have the main doors propped open, weather permitting. (The north door will not be available, and we ask that you enter and exit through the main doors.)
- Please sanitize your hands upon entering.
- We recommend (but are not requiring) the use of face masks, and encourage you to bring your own, or you can use a disposable face mask provided (note: disposable masks may not be available until the June 6 service).
- We encourage you to bring your own Bible. The Scripture passages will also be projected on the screens as a part of the normal projection.
- Please sit in the marked pew rows; we ask that there be one family group per pew and non-related individuals sit 6 feet apart.
- We ask that parents accompany children while in the building, or if they are in the nursery, that they remain there until picked up by their parents.
- At this time, we ask that non-physical greetings (waving, smiling) be employed.
- The offering will be collected in a drop box at the rear of the Sanctuary. If you need an offering envelope, please ask, and we will provide one.
- Only food-safe certified people are allowed in kitchen areas.
- When the service is concluded, we will dismiss people row by row, and we ask that when you are dismissed, you proceed to your car.
- For the foreseeable future, we are not going to have fellowship time following the service.

Precautions which we are taking:

- The building has been thoroughly cleaned prior to reconvening in-person worship, and will be cleaned weekly.
- Commonly touched surfaces will be wiped down following each service.
- There will be an offering drop box used rather than offering plates.
- Communion will be prepared using food safety procedures - both the bread and the juice will be placed in communion cups, and will be placed on a table at the front of the Sanctuary for individuals to take.

Thank you in advance for all your effort and cooperation to help us enjoy closer fellowship in the LORD!
